

Do you want to be part of the team working with local residents and businesses to develop a Neighbourhood Plan for Medbourne?

The Medbourne Neighbourhood Plan Advisory Committee (MNPAC) is looking for new members to join the committee. The Parish Council has just appointed external support to guide the MNPAC and provide technical expertise, so we're keen to start getting the wider community involved.

The MNPAC meets monthly (third Wednesday of the month at 7:30pm in the Village Hall). Committee members will be working in groups with other members of the community to look at all aspects of village life, for example the environment, history, village facilities, housing, transport and business.

You don't need any special skills or expertise, but you do need to be committed to working with people in Medbourne over the next 18 months to make sure we get a Neighbourhood Plan that reflects the kind of development local people want.

If you are interested in joining the MNPAC please contact:
