Consultation Statement
Medbourne Neighbourhood Plan
Consultation Statement

Introduction

This Consultation Statement has been prepared to fulfil the legal obligations of the Neighbourhood Planning Regulations 2012. Section 15(2) of Part 5 of the Regulations sets out what a Consultation Statement should contain:

a) contains details of the persons and bodies who were consulted about the proposed neighbourhood development plan
b) explains how they were consulted
c) summarises the main issues and concerns raised by the persons consulted
d) describes how these issues and concerns have been considered and, where relevant, addressed in the proposed Neighbourhood Plan.

Aims of consulting on the Plan

The aim of the Medbourne Neighbourhood Plan engagement process was to:

• Inform residents, local businesses, and other stakeholders about the neighbourhood planning process and to invite their participation so that local opinion informed the plan
• Ensure that consultation events took place at critical points in the process.
• Engage in a variety of ways to make sure that as wide a range of people as possible were involved and that they could receive information and provide feedback in a way that suits them.
• Ensure that information was readily available and accessible to everyone.
• Make sure that consultation feedback was available as soon as possible after events.

Background to the consultation - Deciding to make a neighbourhood Plan

During 2014 the Parish Council was advised that Medbourne had been designated a Selected Rural Village in the Core Strategy for Harborough District Council, which meant that Medbourne would be expected to accommodate some housing development. The Parish Council sent a questionnaire to all village residents in November 2014 to gauge the level of interest in developing a Neighbourhood Plan. Two thirds of questionnaires were returned and of these 60% were in support of a Neighbourhood Plan. Therefore, Medbourne Parish Council took the decision to undertake a Neighbourhood Plan at their meeting in February 2015.

Defining the neighbourhood

The Parish Council applied to the local planning authority in February 2015 for the whole of Medbourne to be included in the Designated Area. Matthew Bills (Harborough District Council) attended the Parish Council meeting in March 2015. Harborough District Council formally made the Area Designation on 16th April 2015.

The Medbourne Neighbourhood Plan seeks to demonstrate specific and local planning policies for the development and use of land within the Designated Area. The Neighbourhood Plan provides a vision for future development in Medbourne, based on the views of the local community and supported by socio-economic and demographic data.
Setting up the Advisory Committee

The Parish Council set up the Medbourne Plan Advisory Committee (MNPAC), to undertake development of the Plan. Members of the MNPAC were appointed by the Parish Council having volunteered in response to the PC questionnaire. The MNPAC consists of 10 members plus two Parish Councillors. The Parish Council agreed Terms of Reference for the MNPAC in July 2015 (appendix 1).

The Advisory Committee’s mandate was to drive the process, consult with the local community, gather evidence to support emerging policies, and deliver the Plan.

The MNPAC meets monthly and in accordance with Parish Council regulations, these meetings are open meetings, with the agenda available 1 week in advance, and minutes available one week after the meeting on the Parish Council website. The MNPAC has met as a formal committee on the following dates:

*Theme Group Launch event

Following a formal procurement process in the autumn of 2015, the Parish Council
commissioned an external Consultancy (YourLocale) to provide professional support to the MNPAC to deliver the Neighbourhood Plan.

Funding was provided by grants from Locality and The Big Lottery fund. This enabled the Parish Council to recruit YourLocale to support the MNPAC. As well as funding professional support, these monies provided some funds for community consultation and engagement, for example, printing of posters and leaflets.

The MNPAC held a launch event for Theme Groups in the autumn of 2016. These groups were each led by a member of the MNPAC and supported by a YourLocale facilitator with expertise in the relevant field. Other members of the community volunteered to participate in the Theme Groups. The aim of these groups was to explore in detail the issues that had been raised by villagers at the first consultation event and to collate evidence and identify emerging priorities. Their expertise, local knowledge and commitment was invaluable in making sure that the Plan reflects the particular characteristics of Medbourne. The three Theme Groups were:

Housing
Environment and Heritage
Community, Economy, and Transport.

They met regularly over a four-month period and collated a significant amount of evidence.

Consultation methodology

The MNPAC aimed to make clear the relationship between the Neighbourhood Plan and previous questionnaires and reports relating to local design. It was recognised that Medbourne residents had already been involved in the development of a Village Design Statement and had responded to a Parish Council questionnaire in November 2014. Therefore, it was important to make sure people were aware that the establishment of the MNPAC was as a direct response to the questionnaire and that the Neighbourhood Plan is more comprehensive and will have greater statutory weight than the previous design statement.

The MNPAC identified the need for regular communication in different formats to

Communications methods:

Note that examples of the leaflets, notices and letters are attached as appendices.

- Medbourne Neighbourhood Plan logo designed so all communications identifiable as relating to the Neighbourhood Plan.

Landowners
Members of the MNPAC worked with other members of the community, to identify on a map all the local landowners. Letters were sent to 33 local landowners in December 2016, informing them about the Neighbourhood Plan and inviting them to discuss their intentions for their land (appendix 10). They were also sent a further letter (the same as for the Statutory Stakeholders) prior to the Regulation 14, Pre-Submission Consultation (appendix 9). For further information please see the Housing Site Assessment statement.

Summary of findings from the events and questionnaires
By involving residents, business owners and other stakeholders at key stage in the development of the Medbourne Neighbourhood Plan, the plan is both evidence-based and has been shaped by local opinion, with policies being tested as they have been developed. There has been detailed analysis after each consultation event or questionnaire which has informed the next step in drafting the plan.

These reports can be found in the appendices:
- PC questionnaire (appendix 3)
- Open event 1 (appendix 4)
- Questionnaire (appendix 5)
- Open event 2 (appendix 6)
- Young Peoples Event (appendix 7)

Regulation 14, Pre-Submission Consultation
This consultation took place over a six-week period (August 29th to October 10th 2017). The comments received were collated and after an initial review by YourLocale, there was a MNPAC meeting to consider the comments and amend the plan as agreed. The Parish Councillors were invited to participate in this meeting to jointly discuss and agree on amendments. Three Parish councillors joined this meeting. The comments and responses are detailed in appendix xx
Conclusion

The draft Neighbourhood Plan is now ready to be submitted to Harborough District Council who will publicise it for a further six weeks and then forward it, with accompanying documents and all representations made during the publicity period, to an Independent Examiner who will review it and check that it meets the ‘Basic Conditions’. If the Plan successfully passes this stage, following any modifications, it will be put forward for referendum.

The referendum question will be a straight “yes” or “no” on the entire Plan, as set out by Neighbourhood Planning Regulations. People will not be able to vote for or against individual policies. If 50% or more of respondents vote for the Plan, it will be brought into force (‘Made’) and become part of District-wide planning policy.

This Consultation Statement and the supporting Appendices are provided to comply with Section 15(2) of part 5 of the 2012 Neighbourhood Planning Regulations.
